About Me

Textile designer with a strong foundation in dyeing, digital printing, knit, and fabric manipulation, seeking opportunities within the dyeing and printing departments for film and television. Highly organised, detail-oriented, and methodical, with experience working to deadlines, maintaining equipment, and producing accurate samples. Brings strong teamwork skills from both creative studios and fast-paced working environments, alongside a proactive and adaptable approach.

Experience

Textile Assistant – MyGroup

September 2023 – June 2024

Assisted with sustainability-focused textile research by supporting experimentation with recycled materials, liaising with designers, schools, and industry partners, and contributing to the visual documentation and presentation of textile outcomes.

Hair and makeup Stylist / Backstage assistant - University of Derby Graduate Fashion Show (volunteer)

June 2021 - 2025

Responsible for assisting with the setup and breakdown of the fashion show, as well as creating and applying hair and makeup for models on the night, while ensuring garments, footwear, and overall presentation met professional standards.

Technician (Knit & Digital Printing) – University of Derby

April 2022 – May 2022 (Placement)

Maintained and prepared knit and digital printing machines, supported students with printing and fabric preparation, ensured safe and organised studio spaces, and assisted with degree show garment finishing and presentation.

Digital Print Apprentice – Quay Digital

August 2018 – July 2019

Operated and maintained digital printing machinery, prepared files and materials to a high standard, worked directly with clients to meet briefs and deadlines, and upheld rigorous quality control through strong attention to detail.

Assistant Hair Stylist / Backstage assistant - UWE Bristol Graduate Fashion Show (volunteer)

May 2015 - 2018

Responsible for styling and maintaining models' hair for the End of Year Fashion Show, while inspecting garments and footwear prior to runway appearances to ensure presentation standards were met.
